

Super Jade

**Recommended use:**

High Traffic

Main Application:

Landscape, Playground, Pet

Colors:

Matte Emerald, Matte Olive Green,
Dead Blade

A 2.25 inch pile, polyethylene monofilament with thatch construction designed specifically for landscape application to enhance recovery.

The Diamond Turf Difference:

- Blade height and material help achieve a 'natural grass' appearance
- Polyurethane coated backing provides astounding strength and durability
- Non-flammable, anti-acid yarn is resistant to chemical attack
- Lead Free: All of our products undergo rigorous testing to ensure safety and non-toxicity
- No harmful environmental effects

Yarn Characteristics

- Heat reflection
- Frost protection
- High Drainage Capacity
- Not water soluble
- Bacteria Resistant
